COMMITTEE/MEMBER Congressman John PorterSUBJECT CIA Involvement in Death Squads - El SalvadorACTION OFFICER STAT

SUMMARY: Diane had inquiry from constituent on death squad activities in El Salvador and alleging CIA involvement. She offered that it was based on the article in the 8 May issue of the Christian Science Monitor.

I read to Diane the Agency denial issued by PAO and then referenced the HPSCI Report of 25 April (Report No. 98-709) House Resolution 467. She was satisfied with my comments, and I suggested she call me if she has further questions. (I also advised SSCI currently investigating same subject.)
